IT'S HARD TO FIGURE how Antioch's basketball team lost to Mundelein last Friday. They were sure getting a lot of moral support

and inspiration from mascot Ron Jackson and cheerleaders Jody Fields, Nanci Pawlowski and Sherri Englehardt. (Story on page 12.)

## Gala Event Jan. 18: Chamber Dinner-Dance

Reservations are now being taken for the annual Dinner-Dance of the Antioch Chamber of Commerce and Industry.

Invitations have been sent out to all members and their guests.

Chairman Pres Reckers said the cocktail hour will be from 7 to 8 p.m., followed by a prime rib dinner.

The event will be at Lorenz's Smart Country House and

tickets are \$10 a person.

F. James Lumber will be installed as president for 1975.

New directors to be installed are Siegmeier, Johnson and Henry (Pete) Pickard.

To reserve tickets, or for more information, call Pres Reckers at the State Bank of Antioch (395-2700) or Chris Pionke at the Chamber office (395-3381).

## Get Ready For Sewer Rate Hike

Antioch residents apparently are in for some sewer and water rate increases.

We can blame it on federal regulations, which call for assurance that the village will have enough funds to properly operate the new sewage treatment plant for the next 20 years.

So the village must come up with a new rate ordinance as soon as it can determine what it's going to cost to treat sewage at the plant.

SEWER RATES definitely will increase. Water rates may increase to a lesser degree, or maybe not at all.

This was the speculation at Monday night's village board meeting.

Village Clerk Marilyn Sterbenz receives the federally-complicated job of working out a budget.

"We're going to need about three sets of books to run this treatment plant," said Village Engineer Frank Angelotti.

"Some industrial users, possibly may come under a surcharge," he said.

The village will have to determine what it costs to treat the sewage and then review the budget each year.

IN OTHER ACTION the village trustees accepted the low bid of \$7,850 by the I. W. Carey Co. for electrical work

## Planner Worked Well With Antioch

Professional Planner Bruce Christensen will be leaving Antioch with the feeling that the community is "pretty well set for accommodating any development that comes in the near future."

As a member of the urban planning firm of Harland, Bartholomew & Associates of Northbrook, Christensen has been employed by the village board and the Antioch planning commission since September of 1973.

Early in February his firm will transfer Christensen to Des Moines, Ia., to work on a federal project there.

He hopes to be back in this area, and perhaps dealing with Antioch again, in about 15 months.

Meanwhile, his work with

local officials probably will be assumed by his boss, Tom Dyke.

"I CERTAINLY have had a very good time working in Antioch," Christensen said. "I grew up in Lake County. I'm from Wauconda, originally. In fact, the night I went with my boss to interview for the Antioch job I told the plan commission that the last time I was in Antioch it was in a Wauconda football uniform. That was in 1964 and we beat Antioch 13-7."

Christensen was an end on the Wauconda team and played against one of Antioch's all-time greats, Tyrone Walls.

The 28-year-old Christensen is married and has a 4-year-old son. Antioch officials consider

him a bright young urban planner.

"He has a lot on the ball," said Mayor Robert Wilton. "He has a real good background, a lot of knowledge and is easy to work with. I really enjoyed working with Bruce and I'm sure the fellows on the planning commission feel the same way ... they hate to see him go."

Christensen has equal praise for Antioch officials.

"I THINK that both the village board and plan commission are extremely aware of what's going on and very capable of carrying out the implementation of the plan," he said. "I usually judge a plan commission on how hard they make me work, and the Antioch group has made me do the job."

BRUCE CHRISTENSEN

Christensen feels that his firm's "main accomplishment was providing Antioch with the

necessary tools to accommodate growth for the next 20 years."

"A lot of communities get caught with their pants down as development occurs," he said. "Hopefully, we've got Antioch pretty well set. We've tightened up the zoning and subdivision ordinances, prepared the comprehensive land use plan, and we've got an official map and standards ordinance."

"We've really provided Antioch with just about all the tools that are provided for in the state statutes."

and rewiring in the public works building. There was only one other bid and that was in the amount of \$8,625.

Trustee Mike Haley reported that the state plans to widen highway 173 east of route 83. The board authorized Haley, Angelotti and public works director Walter Shepard to suggest some changes to the state plans, including the widening of the intersection of 173 and 83 which was not planned by the state.

Village Attorney Andrew Lynch reported that the sign on the Bits 'n' Pieces Carpeting store, at the rear of 896 Main St., has been judged "non-conforming." If it is not removed by next Monday, Lynch said, the village has the right to take it down.

THE TRUSTEES okayed the request of the Lakeview Girl Scout Council to conduct its annual Girl Scout cookie sale door to door in the village from Jan. 25 to Feb. 7.

The board heard a brief presentation by Michael Teeley of the environmental education department of the Upper Grade School.

Teeley said the program can help students "discover the realities of siting a landfill, developing a sign ordinance or incorporating sound land-use policies into a housing development. These are all real situations in Antioch, situations that we believe students can and should become involved in."

"The goal of our program," Teeley said, "is to create a citizenry that is knowledgeable, concerned, skilled and motivated to become involved in matters which will have an effect on their environment."

Mayor Robert C. Wilton assured Teeley that village officials would try to cooperate with the program.

## Town Crier

Ah, the beauty of Antioch's downtown! Every few feet a new tree that has been planted by the Chamber of Commerce and a shopping cart that has been wheeled away from a supermarket by an inconsiderate customer.

A PARISHIONER with a sense of humor greeted an Antioch pastor outside of church on Christmas with this comment:

"I want to congratulate your Boss on His Birthday."

THE GALLUP POLL tells us that the most admired women in the world in 1974 were Golda Meir, Betty Ford, Pat Nixon, Rose Kennedy and Happy Rockefeller.

I wonder who in the heck they polled. Certainly none of us red-blooded American boys who would have voted for Sophia Loren, Ann-Margaret, Angie Dickinson, Suzanne Pleshette and Helen Reddy.

BEST PARAGRAPH we read last week was from Marabel Morgan's book, "The Total Woman," in which she advises:

"It is only when a woman surrenders her life to her husband, reveres and worships him, and is willing to serve him, that she becomes really beautiful to him. She becomes a priceless jewel, the glory of femininity, his queen."

She also suggests:

"Walk your husband to the car each morning and wave until he's out of sight. Once a week call him at work before quitting time to say, 'I wanted you to know that I just crave your body.'"

But don't call too early in the day, girls. Let the poor guy get some work done first.

## Antioch Woman Fatally Injured In Car Accident

A 73-year-old Antioch woman was killed Sunday, Dec. 29, in a two-car auto accident at the intersection of routes 173 and 59.

Mrs. Nancy Mingarelli of Route 2, Box 225-A, died of internal injuries at St. Therese

Hospital in Waukegan.

Police said that Mrs. Mingarelli was driving east on Rt. 173 when her car collided with an auto driven north on Rt. 59 by Dennis Krueger, 24, of Crystal Lake. Krueger also was injured in the accident.

## CABL Agreement Studied

The Antioch Planning Commission met last Thursday but no action was taken on the pre-annexation agreement being presented by the group known as CABL.

The commission decided it needed a little more time to consider changes in the wording of the agreement.

The 150 acres of land known as the CABL development is expected to become part of the village of Antioch in the near future. The property is north of the Upper Grade School and is bordered on the east by Tiffany Road and on the north by North Avenue.

Members of the planning commission feel a firm agreement must still be reached between CABL and local school officials.

THE VILLAGE's new land-use map was discussed at the meeting. Professional planner Bruce Christensen is suggesting a long-range plan that would see Tiffany Road being used as a bypass for motorists preferring not to pass through the village on highway 83 in the business district.

The commissioners decided to delete some proposed commercial zoning east of the village on highway 173 in order to discourage the building of a shopping district in that area.

Christensen had praise for Antioch's downtown area, calling it "attractive and accessible," and noted that Antioch takes in more retail sales taxes than larger communities such as Grayslake and Fox Lake.

The plan group adjourned its meeting to 7:30 p.m. on Thursday of this week.

On Thursday, Jan. 23, public hearings are scheduled on the village sign ordinance and the rezoning of the Young property.

## March For Cerebral Palsy

On Sunday, Jan. 12, more than 40,000 volunteers in Chicago -- Cook, Lake and DuPage counties will take part in the annual "53-Minute March on Cerebral Palsy." The name comes from an estimate of one child born with cerebral palsy every 53 minutes; 'march' because volunteers go door-to-door asking for funds.

The funds they collect are used for ... services for children and adults crippled by cerebral palsy, and their families, in the three county area served by the Agency; public and professional educational programs; and the national research effort.

"The roof, please."

## EDITORIAL COMMENT

### ICE SKATING

If you go ice skating this winter, the Red Cross says to skate in supervised areas where the ice is at least 3 or 4 inches thick.

Never skate alone and never build a fire on the ice.

Be careful when crossing ice over running water. Currents can erode and melt ice from below.

If you accidentally break through the ice, don't try to climb out on

the thin ice around the hole. Extend both arms along the surface of the ice and then kick hard. This will help lift the body onto the solid ice. Then roll to safety.

To rescue someone who has broken through ice, don't stand up near the ice break. Instead, lie flat and edge along toward the hole, and push a plank, ladder, or rope to the victim. When he has grasped it, pull him to safety. Always have rescue equipment readily available.

### DEFICIT BUDGETS

Taxes and inflation have decreased the average American's buying power, the Tax Foundation concluded government was greatly responsible for that inflation, particularly the federal government's deficit budgets. Taxes, which have continued a relentless climb in excess of the personal income growth, added to the loss of earning power.

# Why Is Moscow So Happy About Arms Agreement?

By SEN. BARRY GOLDWATER

The Russians are phlegmatic people, seldom given to outbursts of enthusiasm or emotional displays of any kind.

This is one reason I am leery of the so-called Vladivostok agreement on strategic arms limitation brought back from the Soviet Union by President Gerald Ford.

Unless the arms accord contains some spectacular provisions that have not been disclosed, the Soviet reaction to the agreement is almost completely uncharacteristic.

AMERICAN REPORTERS in Moscow send word that the Soviet Union is hailing the agreement with all the gusto it can muster and portrays final agreement at an early date as a foregone conclusion.

I wonder whether the end of World War II was treated as enthusiastically by the Russian media.

The tone of film documentaries on the agreement as well as television round-table discussion and press commentaries were described as "nothing short of rhapsodic." Pravda, the Communist Party newspaper, went all out in reporting the summit conference. In its Dec. 1 edition, Pravda gave the meeting its top headlines, and said it had made a "great contribution to the cause of peace."

By the same token, reservations expressed by some Americans about the projected limitations on missile and bomber numbers are lambasted daily in the Soviet media as "the crowing of opponents of detente."

SOME SOURCES revealed that Soviet spokesmen are being told in official briefings that the answer to criticism of the high ceiling put on the number of missiles and the

number of missiles that can be supplied with multiple warheads is that "high ceilings are better than no ceilings at all."

Virtually all Soviet spokesmen are saying that the major objective of the agreement is "to prevent the arms race from further spiraling."

Leonid Zamyatin, the director general of the news agency, Tass, said on television that the agreement cannot solve all the questions but "it would be far worse if the agreement were not signed at all."

One interesting report out of Moscow says that Soviet sources maintain more was accomplished in the meeting between President Ford and Soviet leader Leonid Brezhnev at Vladivostok on the strategic arms limitation than has so far been made public.

"Once the general approach was agreed upon," said one source in the Kremlin, "the two leaders did a lot of arithmetic. All the rest can now fall into place very quickly."

We must approach the entire question of the new SALT agreement with the greatest care. For some reason, the Soviets are happier about this accord than would seem to be warranted by what we know at the present time.

### TABLES TURNED; PEOPLE PREACH TO PASTOR

By REV. PHILIP O. LAURIN  
St. Stephen Lutheran Church

Let's face it. Lots of sermons are boring. I should know. I've preached my share. Besides, my kids have stuck it to me: "Boy was church boring today."

That's hard to take. It really cuts. We do try, you know.

Sunday I felt one of "those" coming on. Really punk. Blah.

Then something happened. When the bottom seemed ready to drop out. When that last straw was in the wind. That unexpected silver lining. In a snow-cloud no less.

"The Church on the Hill" we say. Beautiful view. High and holy. How pride goes before the fall. Especially the snowfall! Snow, sleds, snowmobiles, spinning tires. A roadway like a bobsled run. What a mess! More people queued up on the highway then seated in the sanctuary.

I watched from the office window. I turned away. I didn't want to watch people muttering "well, I tried" and turning home. I went to the window again. Gangs of men and boys pushing and shoving and grunting cars from bottom to top.

Half an hour went by. Still drivers waited for their turn to make the run. One or two turned away. The rest came up. A few on foot. A few carving "S's" in the drive, coming almost sideways at times. Some

finessing the slick spots, gliding here, coasting there, gently accelerating on patches of sand or bits of barren pavement.

At last they all came in. Not a scratch. Not a bump or dent. Not a murmur. The Service started late. But then, the sermon was already preached. The bulletin simply listed it under the topic, "IF". The point it raised:

"Would people come to Church if things weren't just right, if life was no joyride?" was answered.

What could I say? The people Sunday were pilgrims. In the best sense. For them, God is not dead. Or they would have turned around.

"Saving is simple . . . just make more money than your family can spend."

## CHANNEL LAKE CHATTER

The holidays are over and a lot of New Years resolutions have already been broken, but best of all, the kids are back in school.

Christmas held sparkling overtones for two of our local ladies. Dorothy Enzenbacher became engaged to Mr. Tom Furman of Chicago. The happy couple are planning to tie the knot on June 14.

Miss Kathy Chase received her engagement ring from the man in her life, Greg Brown. Kathy is the daughter of Tom and Dorothy Chase and is planning a fall wedding.

Former residents Tom and Lynn Atwood and children were holiday guests at the George and Mary Boyd residence. The Atwoods now live in Detroit, Mich.

Many birthdays were celebrated during the holidays starting with little Ben Rogers blowing out three candles on Christmas Eve. This reporter saw another year pass on Dec. 28. Jeri Gutowski was 7 and Chris DeWitt turned 10 on December 28. On the 30th David Enzenbacher was 19 and Cindy Irmen had 15 candles on her cake.

Starting out the new year a year older was Joan Bjork. Joan is now 20. Happy birthday to all.

The Donald Bjork family held a family dinner party on Saturday, Jan. 4 in honor of Mr. Hjalmer "Whitey" Bjork's 75th birthday. The senior Bjork's reside in Zion.

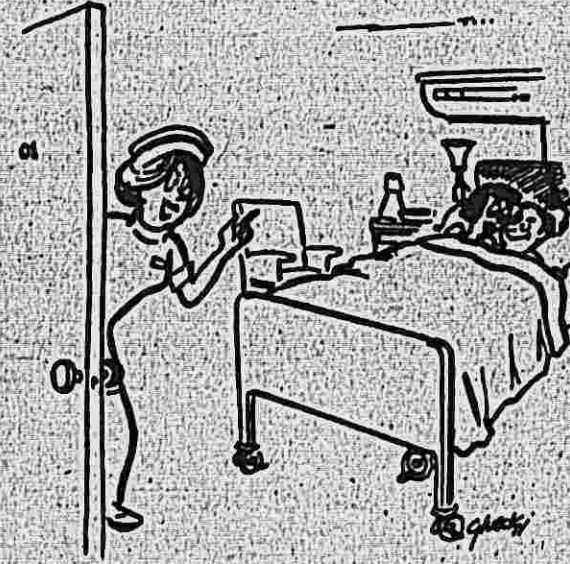

Ken and Faye Anderson entertained Ken's sister and brother-in-law Jane and Terry Cooper and family during the holidays. The Coopers live in Florida and enjoyed visiting with family and friends while staying with the Andersons.

Also visiting from Florida were Mike and Pat Wietor and family. They stayed with Pat's parents, Mr. and Mrs. Norman Heimbrod of Grapevine Ave. for two weeks visiting family and friends.

Paul Hain, Jean Soby, Mary Grover, Marge and Bob Girten, Sheila and Bob Eisen, Judy and Jerry Robinson, Lorraine and Bob Lemke and Louise and Joe Gutowski enjoyed an excellent dinner and entertainment by Ludwig on his zither last Thursday evening at the Northern Chalet in Libertyville. After dinner the group adjourned to the Robinson's home in Lake Villa for dessert and coffee.

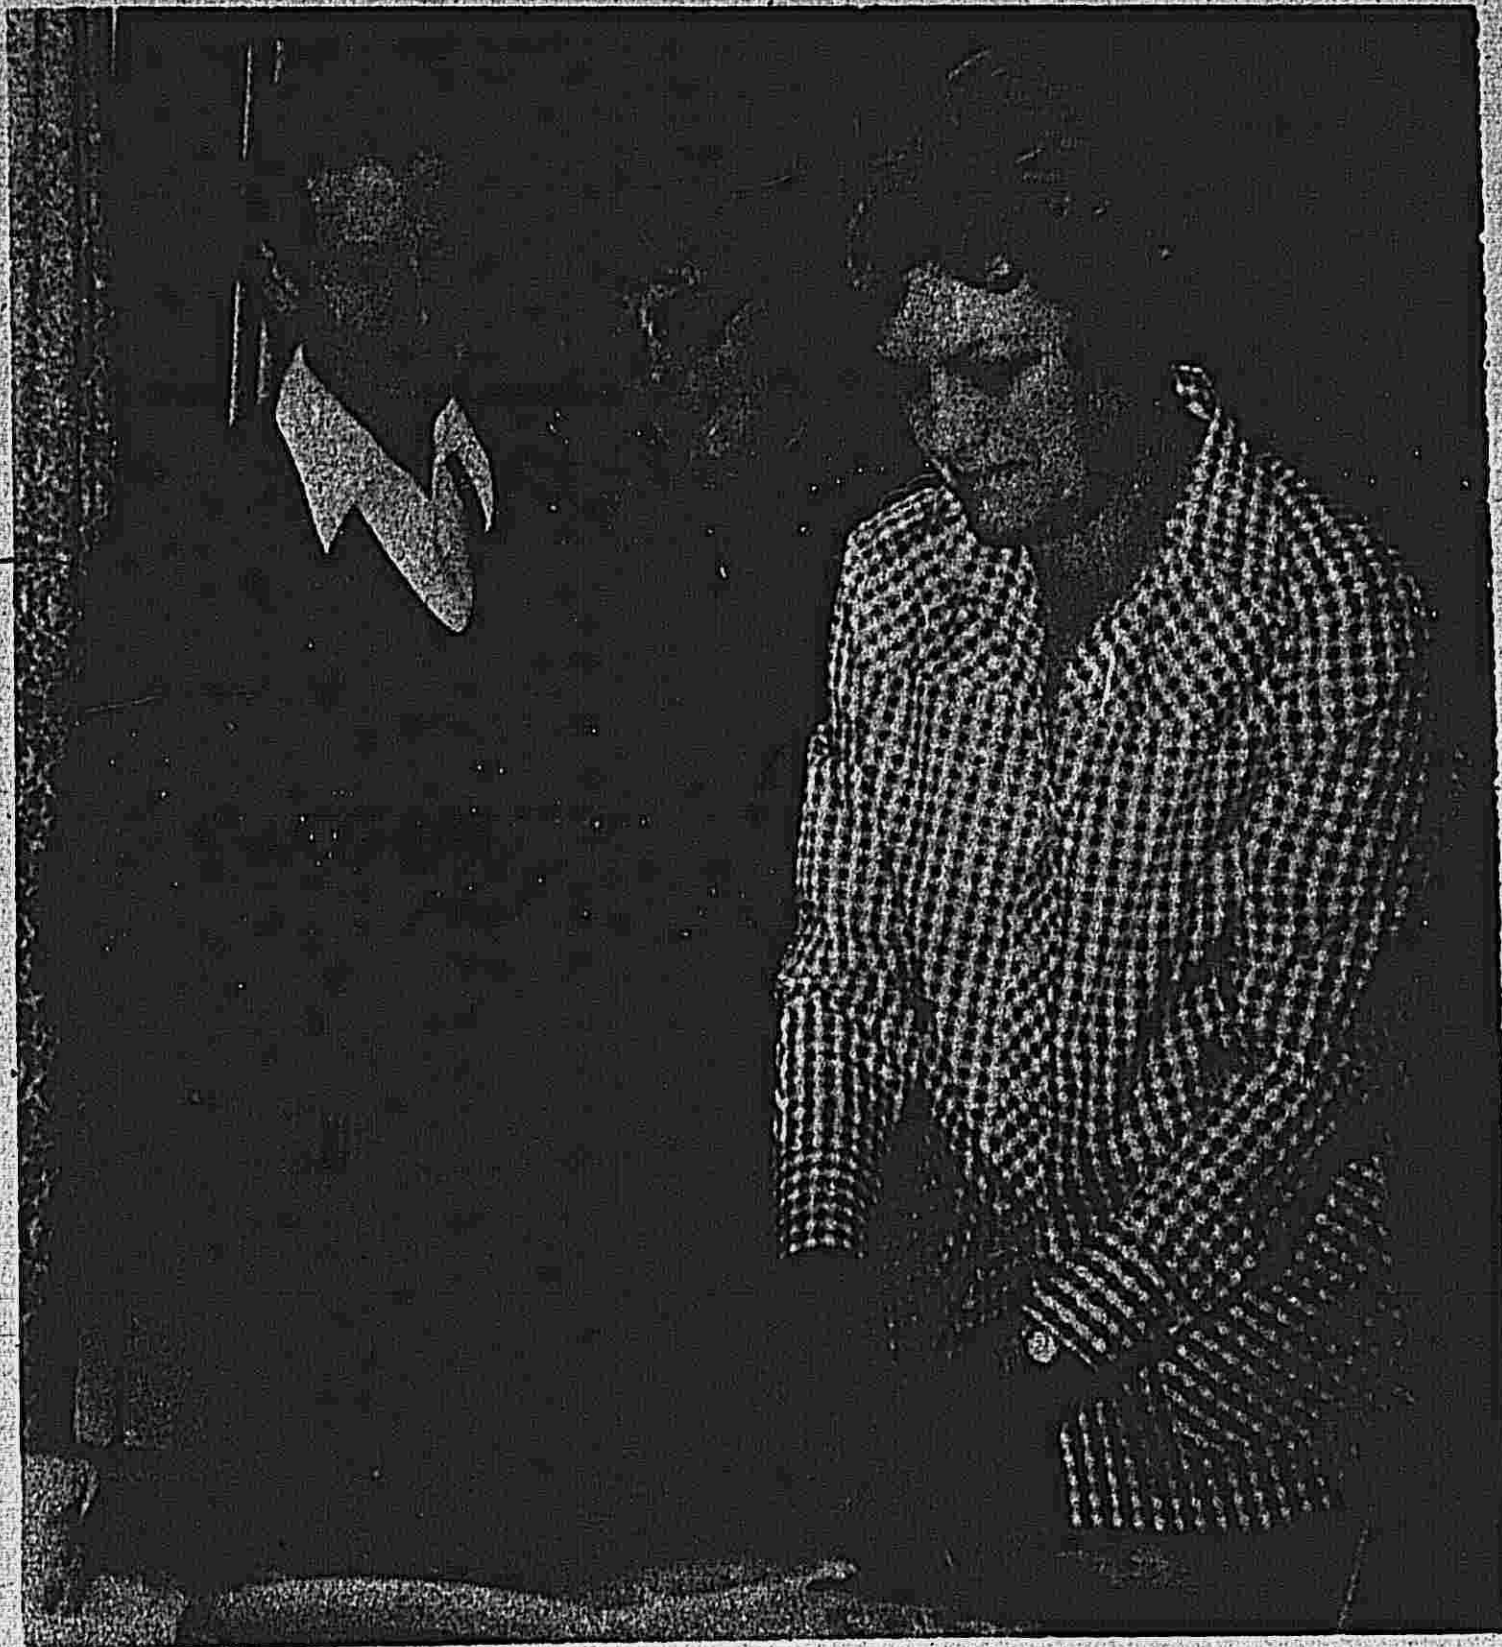

Happy New Year, and hang on to those resolutions, everyone.

Let me know the news,

PILLSBURY BAKE-OFF WINNER -- Norma Garvin of 602 Highland Ave. (right) cuts some "Crunchy Peanut Butter Crescent Bars" for her husband, Robert, and daughter, Peggy. Mr. and Mrs. Garvin have won a February trip to San Francisco where she will compete for a grand prize of \$25,000.

## Norma Garvin in National Bake-Off

When Norma Garvin competes in the Pillsbury Bake-Off in San Francisco she could win \$25,000. Or \$5,000.

Norma, of 602 Highland Ave. in Antioch, has been notified that she is one of 100 semifinal winners in the annual Pillsbury Contest. There were more than 3 million entrants.

NORMA'S SPECIALTY is called "Crunchy peanut Butter Crescent Bars."

"They're delicious, easy to

make and packed with nutrition," she says.

She and her husband, Robert, will get an expense-paid trip to San Francisco Feb. 23, 24 and 25. Out of the 100 semifinalists, two champions will receive prizes of \$25,000. Six others will win \$5,000.

As one of the semifinalists, Norma already has won a microwave oven, a mixmaster, \$100, and the trip.

BY AMAZING coincidence --

and perhaps a little bit of family talent -- Norma's daughter, Peggy VanPatten, was a 1972 Pillsbury Bake-Off semifinalist.

Norma won't give us the recipe for her "Crunchy Peanut Butter Crescent Bars." It's against-contest rules ... but, someday, somehow, we're all going to have to taste them.

After Feb. 25 the prize-winning recipes will be printed in newspapers all over the country.

The inauguration of Charles S. Deneen as governor of this state will take place on Monday. It is generally believed that Gov. ## Soph Matmen Top Unbeaten Crown

The Antioch High School Sophomore wrestling team ended the Christmas break with stunning victories over Crown and Hoffman Estates High Schools. The Crown Vikings came to Antioch with a perfect 9-0 dual meet record. The Sequoits jumped to a quick 6-0 lead with solid wins by Rich Whitton and Bob Gossman. Crown responded with a tough 1-0 decision over Matt Ring and a close 3-1 win over Don Traska. The middle of the Antioch line-up scored 13 points with a pin by John Kakacek, a superiority decision by Bill Harland and a 7-2 win by Geoff Nordstrom. The next four

weights saw Crown rally by scoring 14 points to only 6 points for the Sequoits. The 6 Antioch points came on a pin by Rich Gorski at the 155 pound weight class. With only the heavy-weight match remaining, the score was Antioch 25 Crown 20. The Vikings needed a pin over Antioch's Bob DuCato to win the match. DuCato met the challenge of the second place finisher in the Antioch Christmas Tourney by scoring a first period pin. For the second year in a row, the Sequoits had spoiled the undefeated record of teams from Crown High School.

In the second match, the Sequoits demolished Hoffman Estates High School by a score of 40-12. Harold Sokup, Chris

Marine Pvt. Edward McNally of Route 1, Antioch, has graduated from recruit training at the Marine Corps Recruit Depot in San Diego, Calif.

Physical conditioning, discipline and teamwork are emphasized during Marine recruit training.

Classes include instruction in close order drill, Marine Corps history, first aid, uniform regulations and military customs and courtesies.

Ament, Bill Harland and Bob DuCato led the Antioch attack with pins. Other Sequoits who scored wins were Art Dilge, Geoff Nordstrom, John Kakacek, and Matt Ring. The two wins raised the Antioch Sophomore dual meet record to 10-0.

In the Antioch Invitational Wrestling Tournament held on Dec. 23, 1974 the Sequoits finished in a dismal eighth place. Only four Sequoits placed in the Tourney. Bob Gossman placed second (105 pounds) Bill Harland placed second (126 pounds), John Kakacek placed third (132 pounds) and Bob DuCato placed fourth at heavyweight. Coach Steve Wapton felt that the poor tourney showing could help the Sequoits "Sometimes a lot can be learned from getting beat. I think our poor Tournament wrestling made our team just that much more determined to work hard and improve our wrestling skills." GRACE MARY STERN, Lake County clerk, discusses the new Campaign Disclosure Law with Michael Lavelle, chairman of the State Board of Elections. Special seminars were presented for county clerks in preparation for January filings under the new act.

## Campaign Disclosure Law In Effect

When in doubt, file with your local county clerk in January.

That's the advice Michael Lavelle, chairman of the State Board of Elections gives to anyone who has been or is involved in politics on a local level in Illinois.

He offered the advice because the state's new Campaign Disclosure Law goes into effect for many persons here this month.

"The effective date for existing local political committees and local candidates who may be defined as 'local committees' under the law is Jan. 1," Lavelle said. "The deadline for filing is Jan. 31."

He said that the Campaign Disclosure Law, enacted by the Illinois General Assembly in September, is comprehensive and has far-reaching ramifications so individuals may be considered "political committees" even if they are indirectly involved in collecting funds that may ultimately be used to

support or oppose candidates or questions of public policy.

"Since the law contains criminal penalties for non-compliance, it is essential that

citizens and groups concerned with election campaigns examine the requirements of the law for their own protection," Lavelle said.

Many thanks to Sue Ploughman, chairman, and Barb Johnson, co-chairman, of the Oakwood Knolls Property Owners Association's Christmas activities. Those who participated in the activities really enjoyed themselves!

The Association Lifetime Members and subdivision shut-ins were treated to carolling and cookies on a snowy, cold night by Roger and Gail Grossi, Bob and Barb Johnson, Joe Pittman, Dave Aitchison, Roberta Warren, Jim and Sue Ploughman, Ramona Pyzyna, George and Mary Dilloo, Russ and Avon Cote, Tenza Jandula,

Pat Murphy, Curt and Sally Denny, George and Judy Phillips, and Santa Claus, Clem Muresan.

WHILE THE carollers were busy delivering cookies, Estelle Gatch, Dolores Pittman, Mary Muresan, Colleen Aitchison, Frank Warren and Ken Jandula were busy getting everything ready for the post-carolling potluck dinner at the Warren home.

Thank you to Dolores Pittman, Tenza Jandula, June Heintz, Jessie Carter, Sally Denny, Judy Phillips, Joan Jones, Ramona Pyzyna, Donna Hynes, Loretta Stroschein, Mary Dilloo, Dru Syria, Gail Grossi, Roberta Warren, Joan Olson, Estelle Gatch, Roseanne Mazzio and Darlene Gers for baking the delicious cookies.

## POLICE DESK

Burglars at Smiley's Corner tavern apparently made off with about \$1,500 on New Year's Day.

Owner Robert Yanca called police to report that the tavern was broken into while it was closed that afternoon.

A rear door was forced open and the cash register found on the floor.

ANTIOCH POLICE assisted Lake County sheriff's deputies in thwarting an attempted burglary last Saturday night at the Kumst grocery store, Rt. 83 and Grass Lake Rd.

Two subjects were apprehended and turned over to the deputies. One was an 18-year-old Ingleside youth.

One of the suspects was being held by patrons of the Tarfu Club, across the street, when police arrived. Officer Rich Good chased the other youth through a field north of the grocery store, tracking him down by following a trail of cigarettes and candy that the suspect dropped as he fled. Stolen cigarettes reportedly were found on both youths.

A RASH OF broken windows was discovered by police in the early hours last Saturday morning.

Windows were smashed in three business establishments near the intersection of highways 59 and 173. They were Phil's Standard Station, Antioch Auto Parts and Antioch Sheet Metal.

Police said that during the same night a total of 20 windows were broken at the Sears Roebuck store in Fox Lake and that vandals also had gone on a window-smashing spree in Grayslake.

## 3 Trustees To Be Elected On April 15

Three of Antioch's six seats on the village board will expire this spring.

Finishing their current terms are trustees J. Irving Walsh, Margaret A. Nelson and Arnold W. Weber.

The election will be held April 15. Walsh and Weber have indicated they probably will seek re-election.

Mrs. Neslon said Tuesday that she definitely will run for re-election.

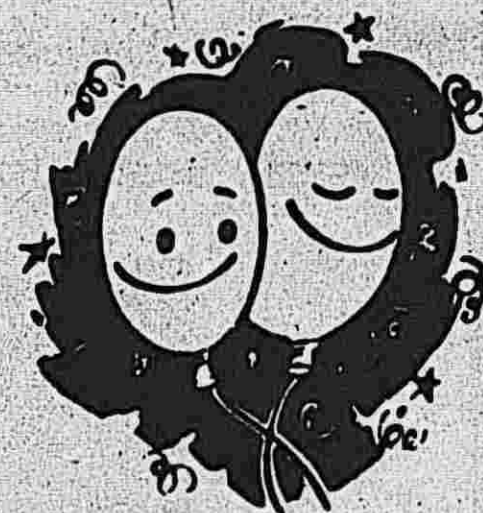

Petitions are now available at the village hall and Feb. 10 is the last day for filing. Village Clerk Marilyn Sterbenz said that, so far, no candidates have picked up petitions.

## Rick Nelson Engaged

Mr. and Mrs. Willis L. Simpson of Chicago have announced the engagement of their daughter, Donna Marie, to Rick K. Nelson, son of Mr. and Mrs. Roy Nelson of Antioch.

The bride-to-be is now practicing nuclear medicine at West Suburban Hospital. Her fiancé is finishing his last year at Western Illinois University.

The wedding will take place in August, 1975.

## SAVE THAT BULB

The energy crisis has made every homemaker aware of the need to conserve power.

But you turn your lights off when you don't need them, but did you know that blackened electric light bulbs burn 20 percent less efficiently than new ones? And dusty shades and glass fixtures can absorb as much as one-fourth of the bulb's light!

Electric bulbs, shades and fixtures should be dusted as often as you dust your room. Because of the grease present in all dust, a flick of a rag is not enough.

The new Fantastik "Easy Sprayer" with "spray" or

"stream" nozzle makes any lamp an easy clean-up target. It's perfect to use on bulbs, bowls and most washable lamp bases.

Here's how to go about it:

\* Disconnect lamp plug. Remove shade and reflecting bowls.

\* Apply spray cleaner to a soft sponge or cloth-wipe the bulbs clean.

\* Gently spray shade reflector and base. Polish with a clean, damp cloth.

\* Check all electrical outlets and replace plugs that are worn.

## ASSESSOR HOLTZ ANSWERS QUESTIONS

## Tax Relief for Senior Citizens

There are two forms that senior citizens can file for tax relief.

One, a Homestead Exemption, is processed by Lake County through the Antioch Township Assessor's office. Township Assessor R. G. Holtz explains that his office is the only place in which senior citizens can complete the form for a \$1,500 reduction to be computed on their tax bill.

There also is a State Grant, which senior citizens or disabled persons can obtain at

the assessor's office as well as several other locations in Antioch.

Holtz said that his office will be glad to answer questions regarding these forms. Interested persons can phone 395-1545 from 9 a.m. to 4:30 p.m. on Mondays, Tuesdays, Thursdays and Fridays, or from 9 a.m. to 12 noon on Wednesdays and Saturdays.

Following are the answers to some of the most frequently asked questions about the two forms:

## HOMESTEAD EXEMPTION

Do I qualify for the Homestead Exemption?

A. If you are 65 yrs of age before Jan 1 you may file for the exemption.

When do I file?

A. Antioch Township Office, 880 1/2 Main Street, takes Applications from January to March 30th.

Oh, great, I will get my benefits on my next tax bill.

A. No, as you know you pay your tax bill a year late so you will not receive the benefits until the following year i.e. you file for the Homestead Exemption for your 1975 taxes that you receive and pay in 1976.

My wife will be 65 yrs. old before me, can she file?

A. Yes, as long as both names are on your deed or whatever legal paper you have for your property.

I have a home in Chicago, a home in Antioch plus 3 vacant lots next to my house and 3 vacant lots down the road. Can I apply for the Homestead Exemption on all of these lots?

A. No, you may only apply on one house and the one lot your house sits on. This home has to be your permanent residence.

What if I spend 6 months at one home and 6 months at the other?

A. Sorry, only one house and one lot. The best way to decide is to file for the Homestead where you are registered to vote.

What do I need to file?

A. You need to bring to the Township Office your deed to your property, a previous tax bill receipt and identification of age.

When will I receive my check for the Homestead?

A. What check?! The Homestead is a \$1500 reduction from your equalized value. This is figured on your tax bill therefore giving you a reduction in taxes.

Do I only have to file the one time?

A. No, you must file every year. However, after the first time you apply you do not need to bring your deed etc. All you will need is the yellow copy given to you after your first application.

I thought I could go to the bank and file for my Homestead?

A. No, you are thinking of the Grant from the State. The Homestead is run by the County of Lake not the State of Illinois.

State Grant? Isn't that the same as the Homestead?

A. No! It is a completely different form.

## HOW HOMESTEAD EXEMPTION IS COMPUTED ON TAX BILL

## SAMPLE

## WITHOUT EXEMPTION

\$10,000 Assessed Value (not shown on tax bill)  
x1.4959 State Equalizer (may change every year)  
\$14,959 Equalized Value (50% market value)  
x6.704 Tax Rate (this varies every year and in \$1002.85 Tax Bill different areas of Township)

## WITH EXEMPTION

\$10,000 Assessed Value  
x1.4959 State Equalizer  
\$14,959 Equalized Value  
- 1,500 Homestead Exemption  
\$13,459 New Equalized Value  
x6.704 Tax Rate  
\$902.29 Tax Bill

## SENIOR CITIZENS AND DISABLED PERSONS CLAIM FOR GRANT FOR PROPERTY TAX RELIEF

What is this State Grant?

A. The Grant is run by the State for people over 65 yrs or disabled and who earn under \$10,000 a year. One can be a home owner or a renter.

What other qualifications must I meet?

A. If disabled you must be unable to work due to a physical or mental disability which has lasted or is expected to last for a continuous period of not less than 12 months. You must have lived in an Illinois residence for the year you are filing, you must be living in Illinois when the claim is filed and you must have accrued property tax or rent paid on an Illinois residence during the year you are filing for the Grant. Persons living in Public housing or institutions which are exempt from property tax are not eligible to file.

Can we file for both the Homestead and State Grant.

A. Yes.

Where can I obtain these forms for the State Grant.

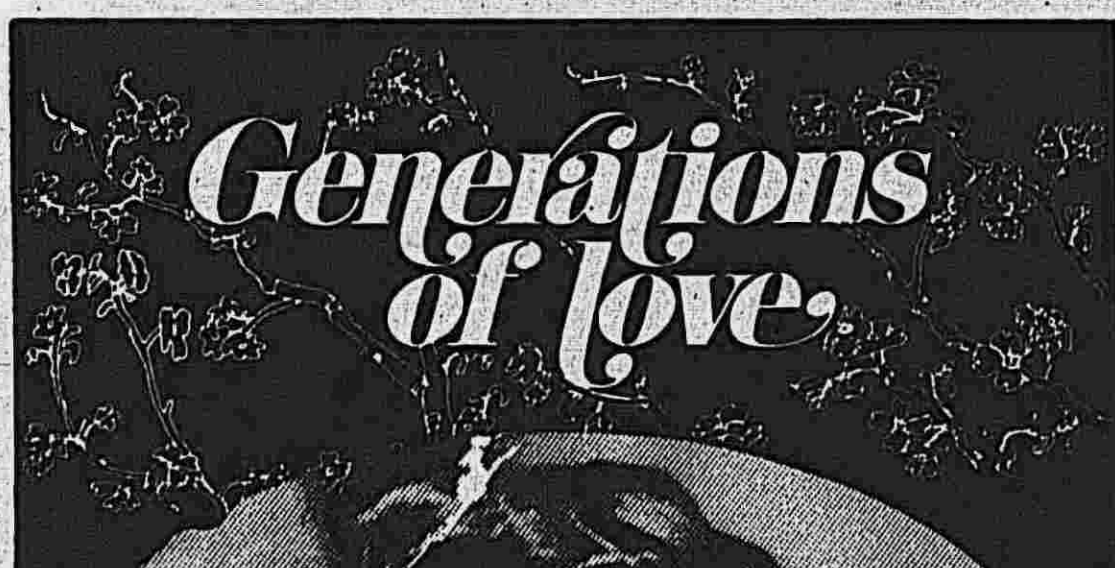

A. You may write the Illinois Department of Revenue, P.O. Box 3124, Springfield, Ill. 62708 or in Antioch you may stop at the Antioch Township Office, 880 1/2 Main Street, State Bank of Antioch, Village Hall or First National Bank of Antioch.

Are these forms complicated to fill out?

A. No, but if you have trouble the Township Office will be glad to help you as well as the other institutions where these forms are available.

What information is required on these forms?

A. You need to supply all income (both husband & wife) for the year you are filing. This must total under \$10,000. Then you list your tax bill or rent for that year. If the State feels your taxes or rent is too high for your income they will mail you a check. Complete instructions accompany the form.

## St. Peter Participates In National Blood Donor Month

The St. Peters Parish Red Cross blood drawing of 1975 will be held from 9 a.m. to 3 p.m. Saturday, Jan. 25 in St. Peters Social Center. In appreciation to those who are blood donors, President Gerald R. Ford has proclaimed the month of January as National Volunteer Blood Donor Month, saying he welcomed the opportunity to "salute these fellow citizens whose generosity has helped same so many lives."

For the last two years, St. Peters Parish in Antioch has enjoyed the benefits of being a member of the Mid-America Chapter of the Red Cross Blood Program. The parish is covered by the Red Cross' Group Assurance Program. Under this program, 20 percent of the parish's family units donate one pint of blood a year. This percentage or 180 units of blood is St. Peters quota for the 1975 years. The 180 units of blood will assure ALL members of St. Peters Parish, regardless of age or medical status, complete blood coverage. In addition to all of the parishioners being covered, coverage is extended to family members who might not be parish members at St. Peters including spouses, children under 18 years of age, parents, parents-in-law, grandparents, and grandparents-in-law; regardless of where they live in the United States, Canada, Puerto Rico and Virgin Islands.

According to Group Chairman Mrs. JoAnne Aschbacher, approximately 50 percent of the

blood used by St. Peters families this last year was used by the parents of parishioners living in other states.

Mrs. Aschbacher states that 53 percent of the total population is unable to donate due to age (either under 18 years or over 66 years) or else they cannot donate because of temporary or permanent medical deferments. This leaves 47 percent of the population eligible to donate. In the case of the Group Assurance Plan, those donating and thus reaching the group's quota, would attain total coverage for the entire group, and their families including those ineligible to donate because of age or medical reasons.

Mrs. Aschbacher pointed out the Jan. 25 blood drawing follows close on the heels of the December holiday season. "Our sister groups in the Red Cross blood program did an extremely commendable job of making sure enough blood was available during the holiday season. For the first time in years, the "traditional" holiday blood shortage was averted," she said.

"With everyone's participation, I'm confident we can do an equally commendable job for National Volunteer Blood Donor Month," she added.

All eligible parishioners are urged to call Mrs. Aschbacher at 395-0226 or Mrs. Ellen Ipsen at 395-2884 for a donor appointment. Two-hundred donors are needed to fill the bloodmobile schedule.

# ABC's of Travel

By BARB CORBIN

Many will be traveling over the holidays and right after the holiday period. Following are Ten Rules For Travellers. If you remember them, and practice them, you'll come home so much richer in understanding, and you'll have

a whole new treasure-house of fond memories of an unforgettable experience.

1. Thou shalt not expect to find things as thou hast them at home, for thou hast left thy home to find things differently.
2. Thou shalt not take anything too seriously, for a care free mind is the beginning of a vacation.
3. Thou shalt not let other travellers get on thy nerves, for thou are paying thy money to enjoy thyself.
4. Thou shalt not forget that thou dost represent thy country

at all times.

5. Thou shalt not worry, for he who worrieth hath no pleasure and few things are ever fatal.

6. Remember thy passport, so that thou knowest where it is at all times. A man without a passport is a man without a country.

7. Blessed is the man who can say "thank you" in any language. This and your smile doubles the value of your trip.

8. While in Rome do as the Romans do, and use American friendliness and common sense

at all times.

9. Do not judge the people of a country by one person with whom thou hast had trouble.

10. Remember thou art a guest in every land, for he who treateth his host with respect shall be treated as an honored guest.

Just a few words for the wise. Happy travels.

## Singer Donates Recording Profits

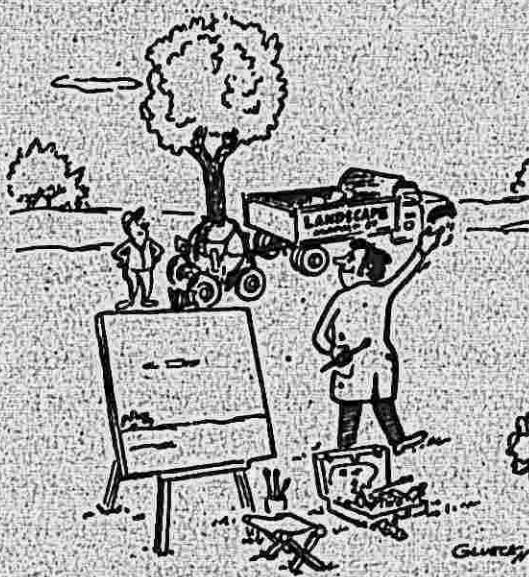

Dorothy Naylor, a local vocalist and supper club performer, will donate profits from her first recording to CONTACT, a 24 hour-a-day telephone crisis and support service.

Because the CONTACT telephone worker is trained to be an "Active Listener," Mrs. Naylor has titled her album "LOVE IS: HEARING YOU."

Mrs. Naylor, a Lindenhurst music teacher, has been a

soloist at the Memorial United Methodist Church in Zion and Trinity Methodist Church in Lindenhurst. She has also been featured as a singer for local supper clubs and is currently performing for Jack and the

Beans Talk, a Waukegan band. In her first album she sings both sacred and secular songs.

The surest way to keep a store or other business in a community is to patronize it as much as possible. Just to say "I'm sorry" after it closes or moves out won't bring it back.

COUNTRY SINGER Barbara Mandrell will perform at Lakehurst Shopping Center in Waukegan Thursday. The 7 p.m. free concert will be in Lakehurst's Central Court. Barbara is the youngest member of the Grand Old Opry.

If Your Kid Screams At You,  
Blame the Lombardi Legend

By JERRY PFARR

We have just finished reading a new book titled, "Vince Lombardi ... He Is Still With Us."

We borrowed it from an 8-year-old boy who hopes someday to play for the Green Bay Packers. This is a children's book, you see, and the author — a fellow we never heard of named Ted Zalewski — does a very nice job of simplifying the Lombardi legend so that even a third-grader gets the message.

THE FIRST sentence is Lombardi's famous remark: "Winning isn't everything. It's the only thing." And then we learn all about Lombardi's fantastic success as coach of the Packers for nine years. He won 77 percent of his games and several championships.

The children who read the book also learn that Vincent Lombardi was a bit of a tyrant. It says right there in the book:

"He had a fiery temper ..."

"He growled at his players ..."

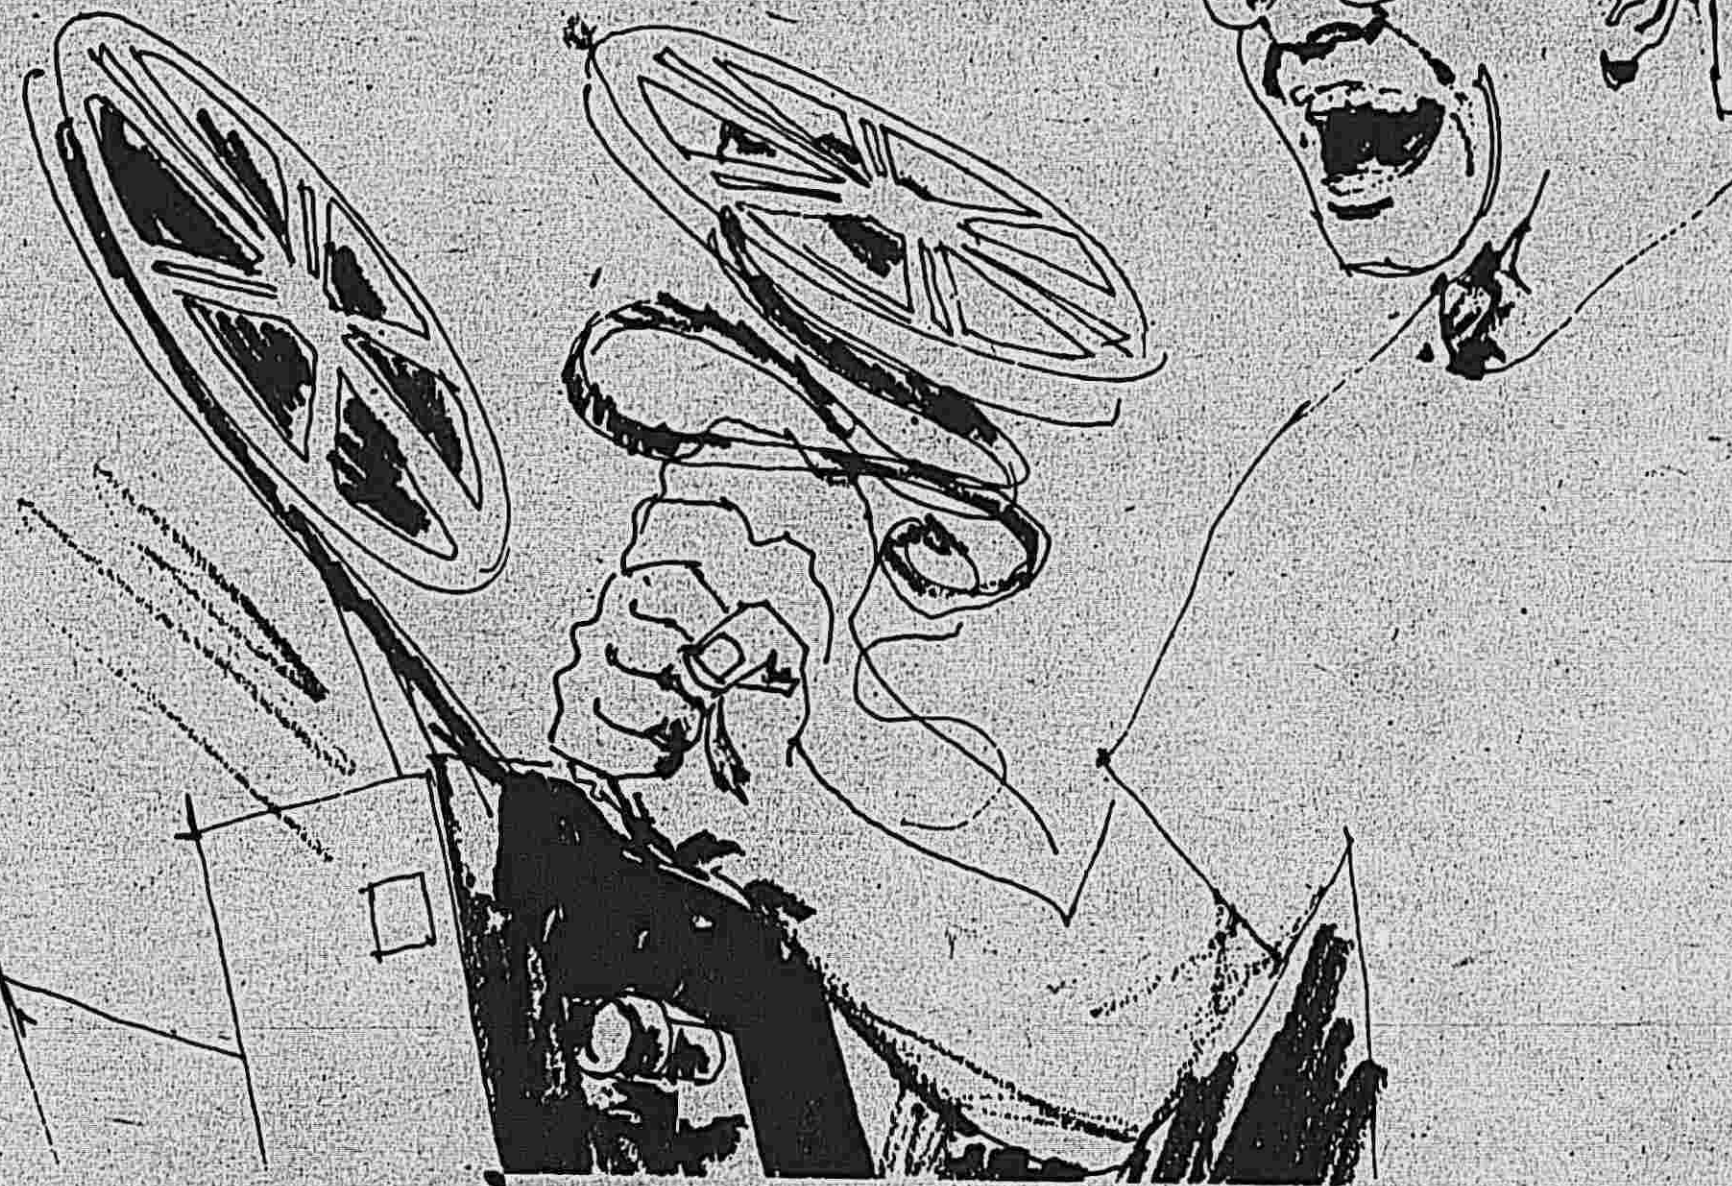

"Men weighing 280 pounds would shake when he got angry ..."

"He had a hard time accepting defeat ... after one loss, for several days he wouldn't even talk ..."

"While an assistant coach at Army he needed to learn to control his temper. On the first day of practice one of the linemen did something wrong and he dashed over there, screaming at the top of his lungs ... Of course, he was still immature."

"Vince showed the men movies of their mistakes. He got angry — so angry that he sometimes smashed the projector. Many of the players also got angry. They said they would punch him in the face at the end of the season."

After he took over the Packers, the book says, Lombardi screamed at the players. "He yelled so much that he lost his voice at the end of the first week of practice. He was like a man gone crazy ..."

Some men he praised. He treated others like dogs."

MAYBE IT takes some of this to win 77 percent of your games in professional football, but we hope the grade schoolers who read this book won't think they must act like Lombardi to succeed in life.

Had Lombardi been a merchant running a store, we wonder how many customers he would have kept.

He also had an early ambition to be a priest. Can you imagine how empty his confessional would have been?

"For your penance, you will do 500 push-ups, 1,000 sit-ups and 750 jumping jacks."

A CHILDREN'S BOOK, of course, sometimes takes a few liberties with history as it actually happened.

Included in "Vince Lombardi ... He Is Still With Us," is the story of that 1967 championship game against the Dallas Cowboys in 13-below-zero weather in Green Bay.

With 20 seconds to play, the Packers need a touchdown to win and Lombardi tells Bart Starr to carry the ball.

"Starr returns to the huddle," the book says. "He looks at Jerry Kramer, the right guard and says, 'Darn it, I want it in

there, nothing short of the goal. It's up to you Kramer to block your man out of the way.'"

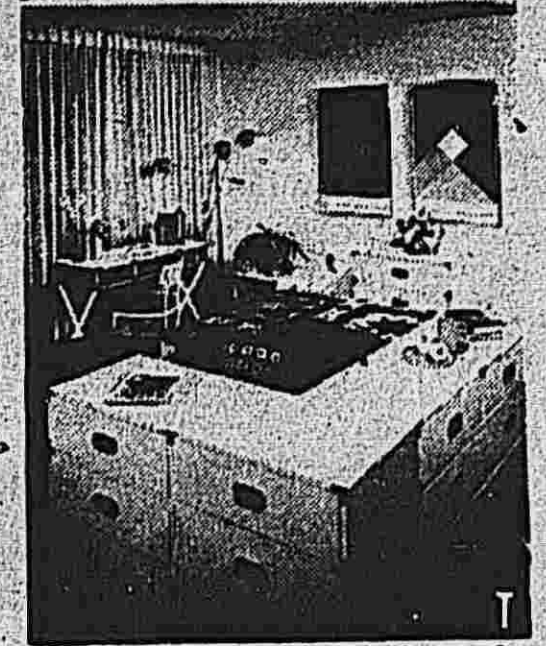

Now, as we recall it, Starr did not say, "Darn it." He said, "Gee whiz," "Fudge," or something like that.

And Kramer's answer isn't recorded in the book, but as the legend has been passed along, we understand that he said something like:

"Don't worry, Bart, I'll knock the mother on his bleep."

## Home Office Hints

Be it ever so humble, a home office can mean significant savings at tax time. Items such as rent, electricity, taxes and interest on a mortgage can all be deducted in proportion to their business use.

You can even deduct the cost of decorating your work area, according to Kemp Furniture Industries. Handsome, well-designed chests, wall units and desks are legitimate business expenses provided, of course, that you purchase them exclusively for business purposes.

Your home office can be part of a room, one entire room, or several rooms; the IRS isn't fussy as long as the space is devoted to business.

Let's say you set aside one room entirely for professional purposes. If your work room represents six percent of your home's total area, you can deduct six percent of the year's costs for heat, light, insurance, and so on.

But if you use the same room only two hours a day for business, it's available for family use during the other 22 hours of the day. In that case, after figuring 6 percent of the year's expenses, you'd multiply that sum by the fraction 2/24 to determine your actual deduction.

Is a home office worth the extra figuring and record-keeping? Definitely! Even if you love your work, you don't want it to become too taxing.

In Indonesia, it's believed that bathing a cat will cause rain!

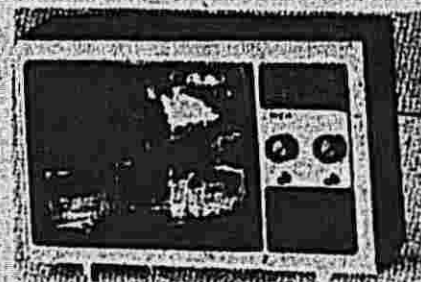

... And I say SAFE ... and also watch what you say about my daughter'

# Sequoits' Goal This Week: Wins No. 11 and No. 12

With the season just about half over, Antioch's Sequoits have a pretty good basketball record - 10 wins and 3 losses. But just wait, folks, by Saturday night that will be 12

wins and 3 losses if the Sequoits have their way.

They travel to Woodstock for a conference game on Friday night, then to Lake Forest for a non-league game on Saturday.

Both contests are scheduled for 8:15 o'clock.

Antioch is 3-0 in the conference and Woodstock is 0-3. But don't get the idea the Sequoits will be overconfident. Not after last Friday's humiliation at the hands of Mundelein's Mustangs.

THE MUSTANGS came here as 9-point underdogs and

proceeded to beat Antioch 62-59 in a game that broke the hearts of Sequoit players and fans alike.

"We were just flat," shrugged Coach Roger Andrews. "Games like that happen once in a while." But the coach sees a silver lining:

"A loss at this particular time could help us a great deal for tackling the rest of the

conference season," he said. "I'm sure our kids will rebound from that loss."

NO QUESTION, Antioch is a better team than Mundelein, but the Sequoits committed 21 turnovers to Mundelein's 10 and the Sequoits made only 11 of 21 free throw attempts.

After trailing by a few points all the way, Antioch finally seized a 55-54 lead with two minutes remaining. But deadly free throw shooting by Mundelein and poor shooting by Antioch made the difference in the final moments.

"But some of our kids played well," Andrews said. "Scott Kimball did a real good job again." Kimball led Antioch with 22 points, sinking nine of his 10 field goal attempts and all four of his free throws.

IF THEY GET past Woodstock on Friday, the Sequoits will have to be sharp Saturday night. Lake Forest is a pretty fair team and sports a 7-5 record.

## SPORTS

"HEADS UP" BASKETBALL -- They're all waiting to see if the shot by Antioch's Scott Kimball (54 in white jersey) goes in or becomes a

rebound. At the left is Mike Perrone, No. 42 is George Ferguson and No. 20 in the foreground is Kevin Walpole. Mundelein upset Antioch 62-59.

## At Rockford ... Antioch Wins 3

That's one fine basketball tournament they put on in Rockford Dec. 26, 27 and 28.

And it was one fine performance that the Antioch Sequoits gave in the annual Rockford Classic Holiday Tournament.

They beat Rockford Auburn 53-52.

Then they beat Rock Island 74-70.

And then they disposed of Chicago Fenger 56-40, before losing a 63-53 decision to Zion-Benton in the championship game.

"OUR KIDS played super ball over there and that was our best finish in that tournament," said Coach Roger Andrews.

Two of the Sequoits - Russ Albano and Mike Perrone - made the all-tournament team. Dan Mack of Zion, who scored a record 108 points in the four games, was named "most valuable player."

Albano was the tournament's

third best scorer with 83 points in four games and Perrone was fourth with 78 points.

In the one-point win over Rockford Auburn, Perrone poured in 29 points - swishing 9 of his 13 field goal attempts and 11 of 14 free throws. Albano pulled down 14 rebounds and Mike Witt contributed six assists.

THEN CAME another tough game, the 74-70 victory over Rock Island. Albano led the way with 24 points, Witt found the range for 19 and Perrone hit 15. The Sequoits had to make 62 percent of their field goal attempts to top the tough rival. Antioch trailed by 15 points, 68-51, with 3:14 remaining and made a sensational comeback, tying it at 68-68 before winning in overtime.

Victory No. 3 at Rockford was a little easier as Antioch trimmed Chicago Fenger by 16 points. Albano and Perrone scored 22 and 17 points

respectively. Kimball had 11 points and Witt was contributing again with eight assists.

ZION'S ZEE + BEES entered the championship game with an 8-3 record and were sharp enough to snap Antioch's 10-game winning streak.

Zion's 6-6 center, Danny Mack, scored only 16 points but a 5-10 teammate, Chris Hayes, connected for 26.

Albano led Antioch with 23 and Perrone hit for 18. Witt was the playmaker again with eight assists.

The game was tied at 40-40 late in the third quarter, then

Zion charged to a 50-42 lead which was never threatened.

Zion shot 63 percent while Antioch was hitting only 46 percent of its shots.

"Hayes was absolutely magnificent," said Moe Tharp, Zion's coach. "I feel Antioch has a very fine ball club and I regard Perrone and Albano as two of the finest ball players we've faced all year."

Rockford sports writer Owen Phelps wrote a personal note to the Antioch News, saying:

"You've got a team that is smooth and great to watch. Enjoyed every minute of the game."

## Snowmobile Derby Set

A snowmobile derby will be held Sunday at the Kenosha County Fairgrounds in Wilmot.

The sponsor, the Interstate Racing Association, said that

heats will begin at 12 noon. Registration takes place at 9 a.m.

Spectators are welcome. In case there is a lack of snow, the races will be postponed until Jan. 26.

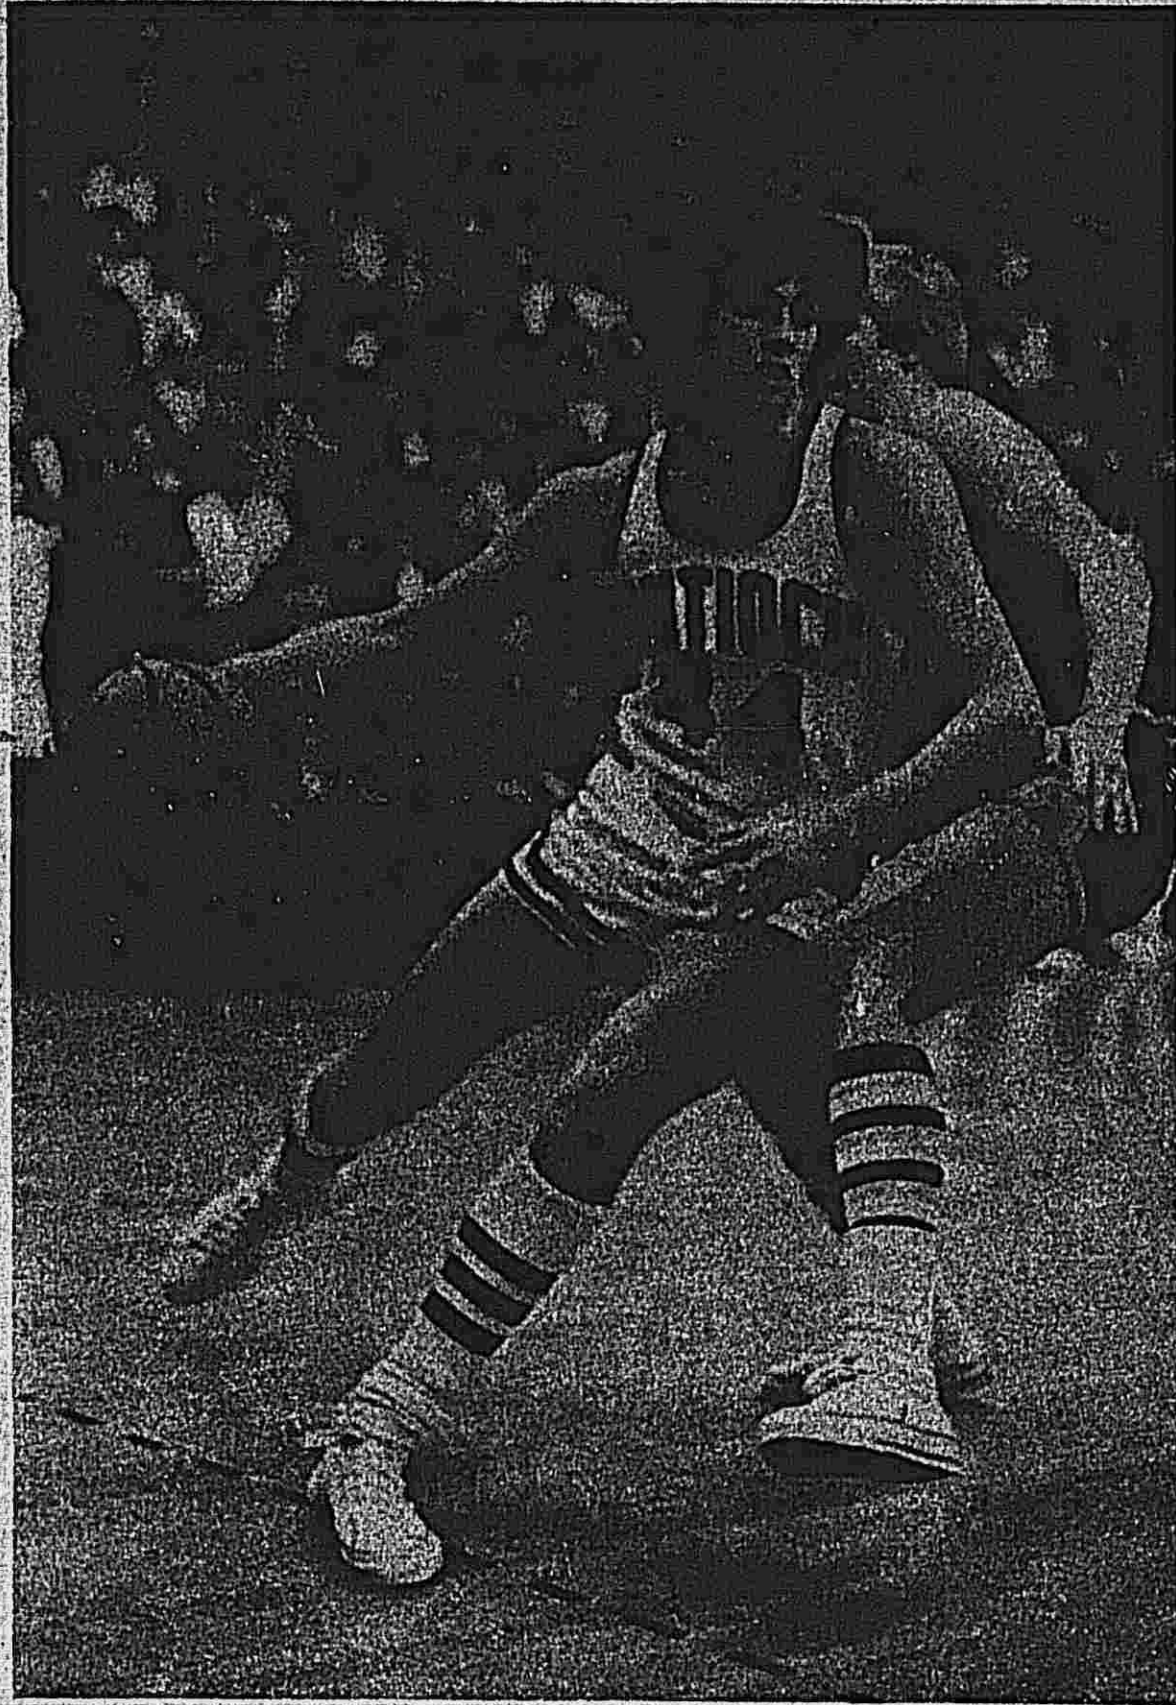

## Frosh Suffer First Loss

Over the holiday break, Antioch's freshmen basketball team split its two games. Wauconda was defeated 55 to 33 as the result of a strong second half and then a fine Mundelein team romped 68 to 37 over the Sequoits. In the first contest Antioch trailed 19 to 18 at halftime but came to life in the final two quarters. Scoring 12 points, Tim Huebner led the point rush as Antioch's full court press took its toll. Tracy Sodman and Huebner were top scorers with 14 points each. Dennis Korjenick was credited with six assists. The Sequoits out rebounded the Bulldogs 34 to 16 to dominate the boards.

At Mundelein the host Mustangs took charge midway through the second quarter. An effective trap press caused 27 Antioch turnovers and led to several easy baskets for the home team who built a 30 point lead after three periods. The teams played even the final quarter. Tom Huebner was the lone Sequoit to reach double figures with 12 points. Antioch appeared very sluggish and never really got going. Compounding the problem was the fact that three freshmen starters had been moved up to the sophomore team. Brian Andrews, Tracy Sodman and Bill Dubek were promoted because of their fine performances the first month of the season. All three played well in the sophomore game against Mundelein. The replacements for these three players were not quite settled into their new positions and thus didn't play as well as expected. The basketball coaches feel that after a

turn to Page 13

RUSS ALBANO of Antioch wheels around a Zion player in the Rockford tournament. Albano and Mike Perrone of Antioch made the all-tournament team.

## Sophs Get First Win

In games played over the Christmas vacation, Antioch defeated Wauconda 43 to 35 to gain their first win of the season. In the Zion-Benton Tournament the Sophs lost to Zion-Benton by a score of 58 to 49 and to Glenbard North 48 to 37. In two non-conference games the Antioch Sophs were defeated by Libertyville 74 to 51 and lost to Mundelein 63 to 49. Leading Antioch scorers in the Wauconda game were Don Norwick - 12, John Grippando - 9

and Pat Houghton - 8. In the Libertyville game Don Norwick had 24. In the Zion-Benton game Don Norwick had 14, Mark Stewart - 10, and Pat Houghton 10. In the Glenbard North game Mark Stewart had 13. In the Mundelein game Pat Houghton had 13, Don Norwick - 13 and Tracy Sodman - 12.

Antioch will play at Woodstock this Friday and at Lake Forest on Saturday. Both games are scheduled to start at 6:45 p.m.

# Mike Koss Wins \$15 In Basketball Contest

Not a single entrant in the Antioch News basketball contest predicted that Mundelein would beat Antioch last Friday night.

So the winner of the \$15 first prize is Mike Koss, who came closest to the actual score. Mike

picked Antioch to win by only six points.

Harry Stewart won second prize, a \$10 gift certificate at Rittenhouse & Embree Lumber Co. He picked Antioch to win by seven points. Harry had finished third in the contest a

week earlier.

Third prize last week went to Neal Lulofs, who picked Antioch to win by nine. Jim Harvey also said Antioch would win by nine points, but Neal came closer in the tie-breaker, the Antioch sophomore game. Third prize is a \$5 gift certificate at the B-J Rush Photo Studio.

ANOTHER CONTEST appears in today's issue of the Antioch News. The game of the week is Friday's Antioch varsity battle at Woodstock. The Tie-breaker will be the Saturday varsity game at Lake Forest.

First prize once again is \$15. Second prize is a \$10 savings account at the Antioch Savings & Loan Association and the third place winner will receive a \$5 gift certificate at Rittenhouse & Embree Lumber Co.

game or two the freshman team will be functioning as before and winning as before.

The "B" team also split its games over the holidays. Chris Ano and Dave Walpole led the team to a 25 to 21 win over Wauconda but a lost second free throw cost them a 31 to 31 verdict at Mundelein. In the later contest, Kenn Rosenbrock and Joe Vojteck were team leaders.

The freshmen play at Woodstock Saturday then host Lake Forest's Scouts Monday at 4:30.

# Pro Hockey Skates Into the Area

BY GREGG HOFFMANN

of the Burlington  
Standard Press

Professional hockey has come flying into southeastern Wisconsin this year on the skates of the Kenosha Flyers, who lead the Continental Hockey League at the time of this writing.

The Flyers feature former National Hockey League star Reggie Fleming and several other fine hockey players. The team was formed largely through the efforts of Don Walsh, a 27-year-old Antioch businessman, who first became interested in hockey through some Twin Lakes "puck-nuts."

Walsh, who coaches and sponsors the Flyers, talked about the team in a recent interview.

"About three years ago Dewey Cates, Lynn Rittmer and some other guys from the Twin Lakes area came to me and asked if I would like to play on and sponsor a hockey team." (Walsh runs a chain of sporting goods and clothing stores.)

"I jumped at the chance because I love the game, and we started Walsh's Flyers," explained Walsh.

The team played in semi-pro leagues in Milwaukee and Dundee, Ill. Walsh played goalie on the team. Last January Walsh's Flyers moved to Kenosha and started playing at the Kenosha Ice Arena.

"We did not know at the time how the area would accept hockey and sort of used the move to gauge how a professional team might go over. We gave away a lot of tickets to get people interested in the beginning," said Walsh.

The team almost folded when the last game of the season had to be cancelled because the Flyers' opponents were in a bus accident. About \$1,000 had to be refunded to fans, which hurt.

"Things were not that rosy at that time, but we still decided to go ahead with a CHL franchise. We started to build the team this summer," Walsh said.

One of the first things Walsh looked for was a solid player-coach. He found the man in Gene Stoney, a veteran of the hockey scene who played for Detroit in the NHL and Chicago in the U.S. Hockey League.

"Gene is very popular with the fans and is sort of the Bobby Hull of the loop. He is as tough as nails and does an excellent job for us," Walsh said.

The next big acquisition for the Flyers was Jim McClellan, another former NHL player. He leads the Flyers in scoring thus far.

"Jim is not flashy but knows the game and gets things done," Walsh commented.

By late summer the Flyers' roster was practically set. However, Walsh felt the team still needed the big drawing

us because of this and I like to think because he trusted us."

Fleming played for the Chicago Blackhawks, the Boston Bruins and some other NHL teams as well as in the WHA. During his prime, he was known as a "policeman," a name hockey fans give to a player who is not afraid to keep order on the ice — even by using his fists.

"Reggie has mellowed a bit but still will stick up for his teammates. He does a damn good job for us. He spends twice as much time on the ice as any other player and is superb."

"He has also been great for team morale. Some guys who played in the NHL might snub their noses at other guys on the team, but not Reggie. He was a member of the team from the first night on," said Walsh.

The CHL includes Kenosha, the St. Louis Saints, the Peoria Blades, the Chicago Cardinals, the Chicago Wildcats and the Madison Blues. There is plenty of talent in the league, according to Walsh.

"The Blues are made up mostly of members of the Wisconsin NCAA championship team of a few years ago. And there are several players on other teams who were topflight collegiate players and who saw action in the NHL or WHA."

"I feel we have two things which will bring out the fans. We are winning, and we play interesting hockey —"

Walsh said the team does not belong just to Kenosha but all of southeastern Wisconsin and northern Illinois.

card, a player even the part-time hockey fan could identify. Fleming filled the bill.

"We started talking to Reggie in August," said Walsh. "He was Stoney's neighbor so was willing to talk. After the Chicago Cougars of the World Hockey Association let him go, he wanted to play for some team still close to Chicago where he has business interests. He signed with

"Hey, Frank! They're OK!"

## Sequoit Wrestlers Have 9-4 Record

The Antioch wrestlers closed out the first half of the wrestling season with a fine sixth place finish in the Glenbrook South tournament and a 9-4 dual meet record.

The Glenbrook tournament saw Antioch scoring 55½ points as a team and having six place winners. Leading the Sequoits was Scott Shaffer who pinned three opponents and scored a 5-1 victory to win the 112 weight class. A pool of the coaches conducted after the championships voted Shaffer the tourna-

ment's "outstanding wrestler."

Greg Nordstrom wrestling at 119 pounds followed Shaffer into the championship limelight by defeating his Evanston opponent 6-5. Antioch's third wrestler in the finals was Mike Weber at heavyweight. Mike lost a close 6-2 decision to his Glenbrook North opponent and finished second. Antioch also placed Bill Hogan fifth, Robin Aerne and Dennis Thain placed sixth.

On Saturday, Jan. 4, the Sequoits wrestled a double dual at Irving Crown High School.

The host Vikings were undefeated for the season and proved to be too tough for the Sequoits as they won 33-21. Antioch won 6 of the 12 weights but Crown's pins gave them the win.

Winners for Antioch included Shaffer at 119, 12-5; Nordstrom at 126, 12-1; Thain at 132, 6-2; Hogan a fall in 4:29 and Rich Coles at 145 with a 4-2 win.

Against Hoffman Estates Antioch was victorious by a 37-18 score. Antioch winners were:

John Pocrnich at 112, 4-2;

## Frosh Wrestlers 5th in Tourney

Antioch's freshman wrestling team placed fifth among eight teams competing last weekend in the annual Grayslake Tournament.

Round Lake won the event with 102 points, followed by Grant, Wauconda, Grayslake and then Antioch with 51½ points.

Outstanding efforts by Antioch included a come-from-behind win for Brian Dyer, who

triumphed in the last 30 seconds of a crucial match. He would up second in his class.

Randy Larsen took a first for Antioch, defeating one of his opponents by pinning him 47 seconds.

Rich Packert scored a first for Antioch while Glen Blanchette and Del Gorski took third places.

The Sequoit frosh have a 7-4 record and host Woodstock at 6:45 p.m. Friday.

## St. Peter's Plays Sunday

St. Peter's grade school basketball team is looking forward to a promising new year.

The local team had a four-game winning streak before losing to the Salem Falcons in that team's Christmas tournament.

St. Peter's coaches say their team is now determined to beat St. Anne's in a 1 p.m. game on Sunday at the parish social center.

## Athletes Must Get 40 Winks

Chicago (NFS) — High school and college athletes may not be performing at peak efficiency if they're getting less than eight to nine hours of sleep each night, says Sally Ames, sleep consultant to the Spring Air Mattress Company, Chicago.

According to a study by the Nebraska Medical Association, many coaches, trainers, and team physicians advise that few athletes can remain in top condition with less than nine hours of sleep.

And for tired and sore muscles after a game, doctors say that a handful of aspirin dropped into a warm (not hot) bath will help ease aches and pains, relax you, and aid you in dropping off to sleep. A good mattress is also advised for proper back support.

## Along the way with ANNIE MAE

Lots of things to look forward to in 1975 - the year of the Bicentennial, hopefully the economy will improve and the Antioch News is moving to larger quarters at the end of January. Watch for more information in the next issue.

With the holidays over now, lots of Antioch people have headed for warmer climates. Bruce and Nancy Jablonski and family, Clem Jablonski, Gordon and Ginny Cornelius and Marge and Dick Erickson spent New Years in Florida visiting Ray and Elizabeth Jensson. Hear the fishing was good - lots of fun for everyone.

Esther Aiani along with her daughter and son-in-law Dan and Esther Behnke toured Florida visiting Treasure Island, Disney World, The Everglades National Park, relatives in St. Petersburg and spent New Years Eve in Miami Beach.

Evelyn Freund spent a very lovely Christmas Eve with Mr. and Mrs. B. Freund and Family of Fox Lake and Mr. and Mrs. Charles Blankley and family from Grandwood Park. Lots of carolling and a visit from Santa made the evening complete.

A daughter was born to Stephen and Cynthia (nee Pedersen) Hays last Dec. 7. Kimberly Ann tipped the scales at 6 lbs. 15 ozs. Grandparents are Mr. and Mrs. Robert Pedersen of Antioch and Mr. and Mrs. Alvin Hays of Red Oak, Iowa. The couple has another daughter, Diane, age 2.

Get well wishes to Pearl Kapell who is John McGraw Hospital at Loyola University

recovering from a heart ailment. She could use some cheering up from all her Antioch friends. Cards may be sent to her at the hospital on First Avenue, Maywood, Illinois Room 3342-1.

Get wells also to Bea Matthews who is recovering from surgery at St. Therese hospital in Waukegan and to Melvin Wolfel of Grass Lake who is recovering from open heart surgery in St. Luke's hospital in Milwaukee, Wis. I'm sure he'd appreciate some cards also - he's in Room 20-23, Coronary Care Unit.

Edna Drom, pharmacist at Reeves Drug Store, recently fell on the ice in her backyard and broke her hip. She is in Victory Memorial Hospital, Room 591. E. Helen Borovicka said all of the "Reeves Girls" are working extra hard to make up for Edna's absence. "She's been like a right arm to us," Helen said. "We really miss her and can't wait till she can come back to work."

Our congrats to Betty and Cliff Laursen who celebrated 25 years of wedded bliss on Jan. 7 and to Eunice and Bud Zeason who will celebrate their 28th wedding anniversary on Jan. 18.

Florence and Rudy Eckert celebrated their 40th wedding anniversary last Sunday with a High Mass at St. Peter's during which they renewed their wedding vows. Afterward the couple were guests of honor at a family breakfast given by Paul and Mary Lou Eckert in their new home on Winsor Drive. In the afternoon an open house was held for Rudy and Florence at their home on Park Avenue. Congrats to two of Antioch's leading citizens - now that you're retired you'll have time to pursue many things together.

Belated birthday congrats to Joyce Woods and Debby Kelly who celebrated on Jan. 1, to Kathy Haley and Bob Bemis on the 2nd, Rich Gaston on the 3rd, Mat Johnson on the 4th, to John Haley on the 5th, George Palaske and Deanna Hallwas on the 6th and to David Palaske and Mike Michovilovich on the 7th. Congrats this week to Eva Fields on the 10th, to Dean Frasch and Barb Ano on the 12th, Andrew Bemis, Julie Ellis and Dawn Schad on the 14th and to Karen Powers and Sue Bartlett on the 15th.

Stevens Point on "Almost Olympic Legs" here we come. Look out!

Remember the word this month is diet - diet - diet -

See ya,  
Annie Mae

Anybody for a slump, grunt, flummery or pan dowdy? These traditional New England desserts may sound funny today, but everyone can love those luscious concoctions of juicy fruits and hot biscuit toppings. In old-time cookery slumps and grunts were boiled, while flummeries and pan dowdies were baked. This modern-day version of a pan dowdy uses canned red tart cherries to delight both the traditionalists and modernists.

### CHERRY PAN DOWDY

#### Filling

- |                        |   |
|------------------------|---|
| 1 cup granulated sugar | 2 No. 303 cans red tart pitted cherries |
| 1/4 cup cornstarch     | 1/2 tablespoon lemon juice              |
| dash salt              | 1/4 teaspoon almond flavoring           |
| 1/4 teaspoon cinnamon  | 2 tablespoons butter or margarine       |
| 1/4 teaspoon nutmeg    | few drops red food coloring             |

Combine sugar, cornstarch, salt, cinnamon and nutmeg; add to cherries and juice in a saucepan. Cook over low heat, stirring constantly, until thick. Remove from heat and add lemon juice, almond flavoring, butter and food coloring. Pour into greased 8 x 8 inch baking dish.

#### Topping

- |                    |                     |
|--------------------|---------------------|
| 2 cups biscuit mix | 1/4 cup sugar       |
| 2/3 cup milk       | 1 teaspoon cinnamon |

Stir biscuit mix and milk together just until blended. Drop by tablespoons into mixture of sugar and cinnamon. Place biscuits on top of cherry filling and bake in a 400° F. oven about 30 minutes. Makes 6 to 8 servings.

## SKIN CARE

### FOR WINTER SPORTS

Some people believe that summer's the season to worry about sensitive skin. But winter is also a time to be wary - especially if you're involved with sports that take you out into cold winds and glaring sun. As a matter of skin survival, skiers have faced up to

following a good skin care regimen to keep skin healthy, soft and moist, after long days on the snowy slopes.

1. The cold, dry air can rob your skin of moisture, and ditto for the low humidity of indoor heating systems. Apply a heavy-duty moisturizer day and night, especially around your eyes.

2. To combat the winter itch of dry skin, soak in a tepid tub laced with a bath or baby oil. The oil will help seal in your skin's natural moisture.

3. Use a conditioner after washing your hair. Cold air and lack of humidity also cause dry hair.

4. Always apply an effective moisturizing suntan lotion before going out on the slopes. Sea & Ski, for example, is highly recommended for protection from winter sunburn.

## Veterans Receive Increase

Nearly 2.3 million veterans and survivors will receive 12 percent increases in their monthly Veterans Administrations checks and 6,537 severely disabled Cold War veterans will be eligible for \$3,000 automobile grants as a result of two bills signed by the President.

These increases are in addition to the increased GI Bill education allowances that became law Dec. 3, VA Administrator Richard L. Roudebush said.

The 12 percent increase applies to pensions for veterans

who have become disabled from nonservice connected causes and to their widows and children. Increased also were payments to dependent parents of veterans who died or were totally and permanently disabled from service connected causes. The payments, called pension and dependency and indemnity compensation, were last increased on Jan. 1, 1974 by 10 percent.

This year's 12 percent increase began Jan. 1, and will be reflected for the first time in checks received Feb. 1.

Rumor has it that Queen Elizabeth of England gambled, or rather didn't gamble, with loaded dice!

## Antioch Almost Wound Up In Wisconsin

### Antioch, Wisconsin?

Without the efforts of Nathaniel Pope, such towns as Antioch, Chicago, Rockford and 8,000 square miles that now comprise the northern section of Illinois would have been part of Wisconsin.

This fascinating piece of information has been passed along to us by John H. Keiser, an Illinois state historian.

During its territorial period, Illinois politics revolved around personal factions rather than political parties. In Pope's case,

political relationships involved family ties as well. His nephew Daniel Pope Cook was clerk of the Illinois house and owner of the Illinois Intelligence. Later the son-in-law of territorial governor Ninian Edwards, Cook used the paper to advocate statehood, and he promoted the statehood resolution through the territorial legislature. It was carried to Washington by territorial delegate Pope.

The petition estimated the state's population at 40,000. Ignoring the fact that much of

that estimate was hopeful fantasy, Pope presented the statehood petition and chaired the select committee which reported favorably Jan. 23, 1818. As reported, the Illinois enabling act abolished property holding as a requirement for voting, and extended suffrage to all white males over 21 after six months' residency.

By the time the House voted on the enabling act in April, Pope had introduced three crucial amendments. One provided financial support for education from the sale of federal land. Another removed the requirement that the census to determine if the state had sufficient population for statehood be supervised by federal marshals. The wisdom of that amendment was obvious when the state-conducted census fell 6,000 short of the requisite 40,000. Edwards ordered a new survey which by some optimistic "estimates" of distant settlements discovered 6,258 previously unrecorded residents.

Pope's most important amendment, however, set the state's northern border at 42°30' - 51 miles north of the original boundary and 41 miles north of that proposed in the original resolution. Indiana had set a precedent by changing its northern boundaries, and no one considered the change a crucial one. Wisconsin did not complain until 1842 and by then it was too late.

Pope's reasons included securing a "coast" on Lake Michigan and strengthening the "free state" status of the new state. He also wanted to include the port of Chicago in order to facilitate a proposed canal linking the Illinois River with Lake Michigan. His action changed the course of Illinois history.

"The only time a fisherman tells the truth is when he calls another fisherman a liar."

### AAU Wrestling

The College of Lake County's wrestlers won top team honors in the Amateur Athletic Union's National Freestyle Qualifying Tournament. This contest saw a field of 50 wrestlers, which included five national champions and four Big-10 champs, competing for top honors in nine weight classes. The winners in each class have the opportunity to represent the United States on a tour of Russia and Poland in January and February, 1975.

Wrestling on the College of Lake County's first place team were: Bennie Garcia, Bill Wilde, Gary Cupstid, Casey Welter, Steve Coles, Bill Billeck and Phil Cancelli. The boys are coached by Mr. "Bud" Weick.

The top wrestler in the 114.5 pound class was Bennie Garcia of 218 South Valley Drive, Lindenhurst, Illinois.
